ITEMS

From the D ogram Wiki

There are a large number of items in DSP, that fall into two primary categories: Components, and Buildings.

Components

This category contains items that are primarily used in other recipes, but also contains some outliers such as Logistics Vessels, and the various fuel types

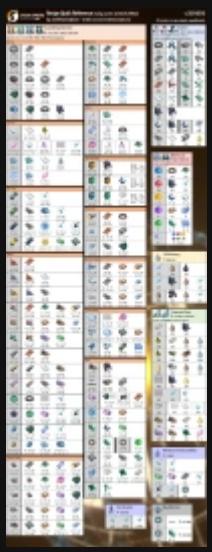

Buildings

Buildings are all objects that can be directly placed on land in the game world, including for Logistics, Manufacturing, Resource Extraction and Energy Creation.

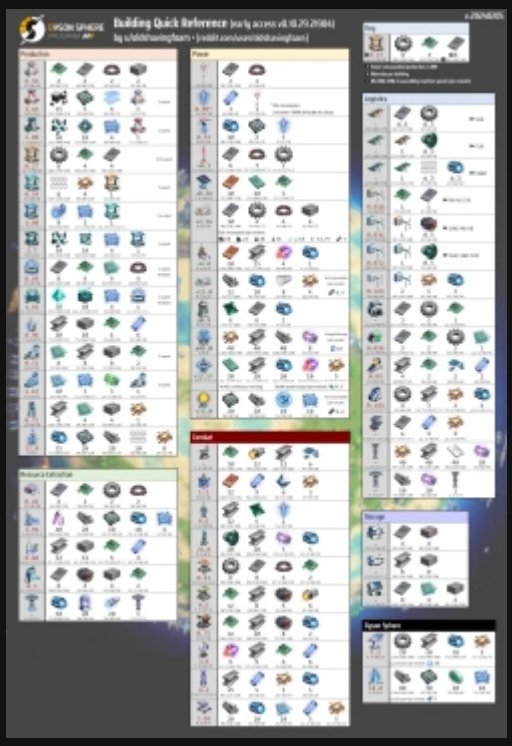

Components Quick Reference Sheet

Below is a quick reference sheet that displays all of the component recipes according to their "per minute" production values. Recipes are grouped by production building. Created by Reddit user u/oldshavingfoam. Click the image to enlarge it.

Building Quick Reference Sheet

Below is a quick reference sheet that displays all of the building recipes, along with their power consumption/production values. Created by Reddit user u/oldshavingfoam. Click the image to enlarge it.

Production Graph

Items

Components

Natural Resources

Coal · Copper Ore · Crude Oil · Deuterium · Fire Ice · Fractal Silicon · Grating Crystal · Hydrogen · Iron Ore · Kimberlite Ore · Log · Organic Crystal · Plant Fuel · Silicon Ore · Spiniform Stalagmite Crystal · Stone · Sulfuric Acid · Titanium Ore · Unipolar Magnet · Water

Intermediate Products

Annihilation Constraint Sphere · Antimatter · Carbon Nanotube · Casimir Crystal · Circuit Board · Critical Photon · Crystal Explosive Unit · Crystal Silicon · Combustible Unit · Copper Ingot · Diamond · Dyson Sphere Component · Electric Motor · Electromagnetic Turbine · Energetic Graphite · Engine · Explosive Unit · Frame Material · Gear · Glass · Graphene · Graviton Lens · Dark Fog Lens · High-Purity Silicon · Iron Ingot · Magnet · Magnetic Coil · Microcrystalline Component · Plane Filter · Plasma Exciter · Plastic · Prism · Processor · Proliferator Mk.I · Proliferator Mk.II · Proliferator Mk.III · Quantum Chip · Reinforced Thruster · Particle Broadband · Particle Container · Photon Combiner · Refined Oil · Steel · Stone Brick · Strange Matter · Super-Magnetic Ring · Titanium Alloy · Titanium Crystal · Titanium Glass · Titanium Ingot · Thruster

Dark Fog Components

Energy Shard · Matter Recombinator · Silicon-based Neuron · Negentropy Singularity · Core Element

Energy Sources (End Products)

Hydrogen Fuel Rod · Deuteron Fuel Rod · Antimatter Fuel Rod · Strange Annihilation Fuel Rod

Ammunition

Magnum Ammo Box · Titanium Ammo Box · Superalloy Ammo Box · Missile Set · Supersonic Missile Set · Gravity Missile Set · Shell Set · High-Explosive Shell Set · Crystal Shell Set · Plasma Capsule · Antimatter Capsule · Jamming Capsule · Suppressing Capsule

Other Consumables

Foundation · Space Warper

Science

Electromagnetic Matrix · Energy Matrix · Structure Matrix · Information Matrix · Gravity Matrix · Universe Matrix · Dark Fog Matrix

Logistics Ships

Logistics Bot · Logistics Drone · Logistics Vessel

Combat Units

Prototype · Precision Drone · Attack Drone · Corvette · Destroyer

Dyson Sphere

Small Carrier Rocket · Solar Sail

Buildings

Mining

Mining Machine · Water Pump · Oil Extractor · Orbital Collector · Advanced Mining Machine

Power Generation

Wind Turbine · Solar Panel · Thermal Power Plant · Mini Fusion Power Plant · Geothermal Power Station · Artificial Star

Power Transmission & Storage

Tesla Tower · Wireless Power Tower · Satellite Substation · Energy Exchanger · Accumulator · Accumulator (Full)

Production

Arc Smelter · Plane Smelter · Negentropy Smelter · Assembling Machines (Mk.I · Mk.II · Mk.III · Mk.IV) · Spray Coater · Oil Refinery · Chemical Plant · Quantum Chemical Plant · Fractionator · Miniature Particle Collider

Science

Matrix Lab · Self-evolution Lab

Logistics & Storage

Automatic Piler · Conveyor Belts (Mk.I · Mk.II · Mk.III) · Depot Mk.I · Depot Mk.II · Sorters (Mk.I · Mk.II · Mk.III · Pile) · Splitter · Storage Tank · Traffic Monitor · Logistics Distributor · Planetary Logistics Station · Interstellar Logistics Station · Holo Beacon

Combat Buildings

Gauss Turret · Missile Turret · Implosion Cannon · Jammer Tower · Laser Turret · Plasma Turret · SR Plasma Turret · Battlefield Analysis Base · Signal Tower · Planetary Shield Generator

Dyson Sphere

EM-Rail Ejector · Ray Receiver · Vertical Launching Silo

Dyson Sphere Program

Distance · Research · Blueprint · Metadata

Icarus · Items · Stars and planets (names) · Dyson Sphere · Soil Pile

Achievements · Milestones · Milky Way

Keybindings · Developer Console
